2: Matters arising

There was a nomination to appoint Becky Rice as Vice Chair as she would like to assist the County. This was seconded by Karen Sturgess and the committee unanimously voted Becky onto the committee.

3: County Training Registrations

County Training invites were being sent over the next few weeks. We have investigated a new software called Club Manager and it was proposed that we use this and sign up for a year. KS was happy to work around the software with input from MD as and when needed. The new registration forms had been re-written and are ready to go. These include a Media Waiver and a personal information form.

MD gave an update for the teams and it was reported that we had withdrawn from the U13 as we don't have enough eligible players to create a team. It was proposed that inviting more U13 players to attend county or to recruit more younger players will be the focus over the coming year.

7: Bank Account

MD
HWL
KS

MD brought forward a suggestion of changing the bank account, due to the hassle that Barclays were giving to pay any monies into the account. It was proposed that the Metro Bank Community Bank Account would be preferential due to the 7 days a week opening and late evening hours too. This would make carrying out banking arrangements much easier and smoother. Hon Wai Lee agreed and seconded the proposal. This was voted on and agreed unanimously. MD and HWL would arrange to sort the new bank account out and agreed that KS would also be a signatory due to her role as Secretary. All other signatories would be removed upon the changeover.
